

Lucky F*cker Conversion Kit

THE LUCKY F*CKER TC SOFTAIL CONVERSION KIT

The Lucky F*cker TC Softail Conversion Kit

Are you ready to turn your run-of-the-mill, everyday Softail into something cool that will turn heads and grab attention? With the Lucky F*cker conversion kit, the transformation from stock to custom can be done easily and quickly. The Lucky F*cker kit consists of a custom gas tank, tank adapter, a solo seat kit, swingarm mounted 'rigid-style' rear fender and fender struts. These parts are as 'bolt-on' as you can get for a kit that will transform your bike as drastically as the Lucky F*cker will. Each part was designed to work together or can be used as stand-alone components, giving you the creative head while building your custom vision without breaking the bank.

Custom Gas Tank
The Lucky F*cker tank is designed for easy 'bolt-on' installation when used with the tank adapter (CI 641905 (sold separately)) on any 00-11 (unburned) FI Twin Cam Softail or custom applications. Tank comes complete with offset fuel bung and custom moss gas cap. FI fuel tank requires additional purchase of 653430 and 653431.

641900	Lucky F*cker Gas Tank	299,00€
641906	Lucky F*cker Gas Tank for FI Models	299,99€
641905	Lucky F*cker replacement gas cap	39,99€
653430	Fuel pump to be used with 641906 (incl. OEM 75268-09)	579,20€
653431	Fuel pump gasket for 653430 (incl. OEM 75361-07)	31,49€
653432	Fuel pump screw for 653430 (5 needed incl. OEM 1061A)	0,75€

Softail™ Tank Adapter
This part makes installing a custom gas tank onto your 00-11 Twin Cam Softail as easy as removing the stock tank and bolting this adapter on. The adapter bolts-on to the stock mounting points and has a mount built into it for the OEM ignition switch. You can bolt the Lucky F*cker tank directly onto it or you can fabricate your own tank for a pure custom look.

641905	Lucky F*cker Gas Tank Adapter	99,99€

'Rigid-Style' Rear Fender & Struts
The perfect way to give your Softail that 'Old School' rigid look. Designed to fit Softail models from 00-11 (with 150/200 mm rear tire) and custom applications. Installation of the fender will require the separate purchase of a set of chrome or raw fender struts or you can custom build your own.

641901	Lucky F*cker 7.25" wide rigid-style fender (150 mm rear tire)	179,99€
641902	Lucky F*cker 9" wide rigid-style fender (200 mm rear tire)	199,00€
641903	Lucky F*cker rigid-style fender struts, chrome (pr)	49,99€
641904	Lucky F*cker rigid-style fender struts, raw (pr)	34,99€

The Lucky F*cker Softail Solo Seat Kit
The perfect accessory to the rigid fender kit since your stock seat will no longer fit. This seat completes the transformation of your Softail to a pure rigid look. The seat is solid mounted to keep you as low to the ground as possible. Seat kit comes complete with a raw steel seat pan and all necessary mounting brackets and hardware. Designed to fit TC Softail models (except Deauville) from 00-06 and FI Softail models from 00-11.

641904	Lucky F*cker Solo Seat Kit	179,99€
